

HINES TO ANSWER RAILROADERS THEN CONFER WITH PRESIDENT

Director General Will Reply To Wage Demands That Threaten to Tie Up Roads Of The Country.

STEP IS POLICY CHANGE

Heretofore President Has First Passed Upon Wage Problems Of The Brotherhoods.

Situation Admittedly Grave With Strike Looming Nearer

Conferences Postponed Until Late Wednesday

(By Associated Press.)

Washington, February 11.—Director General Hines will make answer to the wage demands of the two million railroad workers on his own responsibility and from the standpoint of the Railroad Administration, and will then report to the President, it was said today at the White House.

Mr. Wilson then will approve or disapprove the decision. Heretofore the President generally has passed upon wage decisions before the Railroad Administration's answer was given to the union representatives.

No reason was given for the departure from the usual custom. In the light of the urgent demands of the trainmen and the strike call issued by officers of the Brotherhood of Maintenance of Way Employees, both Railroad Administration and White House officials regard the situation as extremely grave.

Mr. Hines has held a long conference with Secretary Tumulty, who has submitted a memorandum on the subject to the President. Mr. Wilson still has this memorandum before him.

Conferences between Mr. Hines and the brotherhood officers were to have been resumed this morning, but at the appointed hour neither side was ready to go ahead and the meeting was postponed until 3:30 o'clock this afternoon.

CONFERRING

(By Associated Press.)

Washington, February 11.—The committee of ten, representing the Brotherhood of Maintenance of Way Employees arrived here today from Detroit, and immediately went into conference with vice president Malloy of the union and its other representatives in the wage negotiations with Mr. Hines.

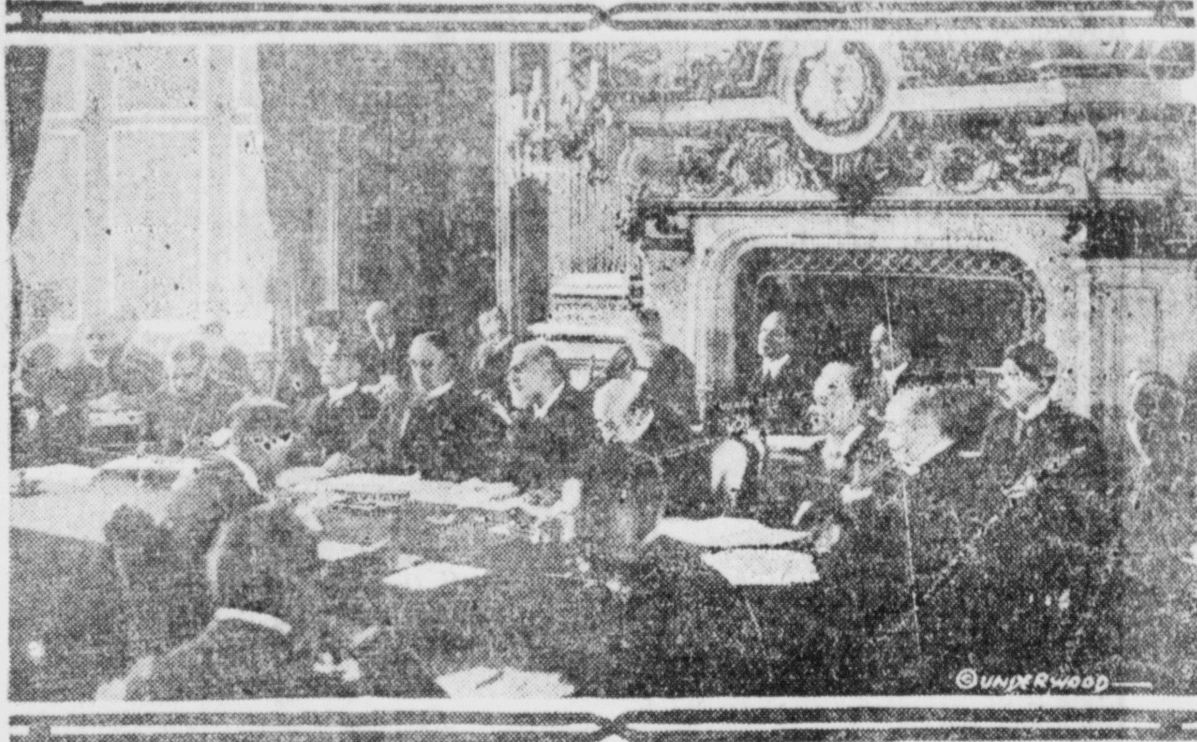

500 SOLDIERS STILL ON SCENE

(By Associated Press.)

Lexington, Ky., February 11.—Although William Lockett, convicted murderer of ten-year-old Geneva Hardman, was safe today in Eddyville prison, where he is to pay the death penalty for his crime on March 11, five hundred troops were held today in Lexington, which remains nominally under martial law.

Military officers spirited Lockett out of town on a special train late last night.

THE FIRST MEETING OF THE LEAGUE OF NATIONS

The league in session.

The first meeting of the league of nations marked a new epoch in world affairs. A photograph of the historic meeting, January 16, is shown above. The session was held in the famous clock room of

the French foreign office at P. is. Seated at the table, left to right, facing the camera, are: Premier Venizelos of Greece (head resting on hand), Dr. Cunha of Brazil, M. Satsui of Japan, Lord Curzon of

England, Leon Bourgeois, president of the French senate and permanent chairman of the league; Ferraris of Italy, Paul Hymans of Belgium, and Guinones de Lion of Spain.

LODGE PRESENTS TREATY CHANGES TO THE SENATE

Modifications Do Not All Agree With Claims of Democrats

Article Ten and Monroe Doctrine Unchanged

(By Associated Press.)

Washington, February 11.—The peace treaty reservations as revised tentatively in recent unofficial bipartisan compromise conferences were formally presented in the Senate today by Senator Lodge for consideration when the treaty comes up next Monday.

The modifications do not agree entirely with the draft which democratic members of the bipartisan committee have said were tentatively agreed on.

Eight of the fourteen reservations will be modified under Senator Lodge's proposal, and the preamble would be changed so that affirmative acceptance by the other powers would not be required.

Four of the remaining six reservations were accepted by the democrats without change, the republicans said, while the other two relating to Article Ten and the Monroe Doctrine were left unchanged.

DENMARK GETS MAJORITY VOTE

(By Associated Press.)

Copenhagen, February 11.—Latest reports as to the result of the plebiscite held yesterday in Schleswig show that Denmark secured a great majority of votes.

ARREST SIX MEN WHO PLAN TO STEAL MILLIONS

(By Associated Press.)

New York, February 11.—The arrest of two brothers, Rudolph and Herbert Bunora, who were employed as brokers' messengers, today made a total of six men held in connection with what the police declare was a plot to steal five million dollars worth of securities in the financial district and take them to Canada, where it was expected a market could be found for them.

HOW ALLIES ACCEPTED WILSON'S 14 POINTS

Clemenceau and Lloyd George Raised Objections

COLONEL HOUSE EXPLAINS

Objectionable Parts Finally Are Ironed Out

(By Associated Press.)

Paris, February 11.—How the Allies accepted President Wilson's fourteen points in connection with armistice negotiations was revealed for the first time by the Echo de Paris today.

It was at a meeting in the office of the Foreign Minister on November 3, 1918. Previous meetings at Versailles had fixed the military conditions of an eventual armistice and the government chiefs had met for final deliberation.

Premier Clemenceau professed not to know what President Wilson's fourteen points were, which were to be used as the basis for the armistice.

Colonel House explained them to both Clemenceau and Lloyd George, to some parts of which they offered suggestion and objection.

Clemenceau especially was skeptical, thinking them not strong enough in some respects. Finally the slight differences were ironed out and the premiers agreed to carry out their provisions as explained by Colonel House.

ENACT OIL LAND LEASING BILL

(By Associated Press.)

Washington, February 11.—Enactment of oil land leasing bill was completed today with the adoption of the conference report by the Senate. The bill now goes to the President.

CAPTAIN CHARGED WITH RECEIVING SECRET RAKEOFFS

Capt. John F. Blain.

Captain Blain, Seattle man and former North Pacific district manager of the emergency fleet corporation, is under indictment by a federal grand jury. He is charged with having received secret commissions on goods sold to the government for shipbuilding purposes. He denies the charges.

TWO-CENT FARE BILL REPEALED COX SIGNS BILL

(By Associated Press.)

Columbus, O., February 11.—Ohio's two-cent fare law, suspended during the war while the railroads were under federal control, stood repealed today when Governor Cox signed the Pearson bill, fixing the maximum rate that may be charged by railroads at three cents a mile.

The three-cent fare law will go into effect May 25 unless a referendum is called on it. When the railroads are released from federal control March 1, they will have to drop back to the two-cent fare rate until the new law goes into effect.

RICHARDS OUT FOR HIGH PLACE

(By Associated Press.)

Toledo, O., February 11.—Judge S. S. Richards of the Circuit Court of Appeals, Sixth District, today announced his candidacy for chief justice of the Ohio Supreme Court. He is a republican.

COUNCIL OF LEAGUE OF NATIONS OPENS--U. S. NOT REPRESENTED

Presiding Officer Balfour Regrets United States is Not Taking Part.

Many Questions Vital to U. S. Will be Taken Up By Other Nations.

U. S. Ambassador Instructed Not to Attend Meetings Of Council.

(By Associated Press.)

London, February 11.—The Council of the League of Nations formally opened its meeting here at noon today. Arthur J. Balfour, representing Great Britain, presided.

In his speech of welcome, Mr. Balfour said there was only one blot on the meeting, and that was that there were eight nations represented instead of nine.

The opening meeting was more or less formal, but a session later today was to be informal. The council will meet two days, and some sessions will be private and others public.

DAVIS WILL NOT ATTEND MEETING

(By Associated Press.)

Washington, February 11.—Ambassador Davis at London will not be instructed to attend the meetings of the Supreme Council and the Council of the League of Nations, it was said today at the State Department.

These meetings have been transferred from Paris and will be held in London until settlement of the exact status of Switzerland in its relation to the league makes it possible to again consider Geneva as a meeting place.

Many questions of interest to the United States are to be decided by the League Council; but since this country has not yet become a member of the league, it will not be represented even informally in the council's sessions.

NEW YORKER IS AMBASSADOR TO GO TO ROME

Robert Underwood Johnson Succeeds Page

(By Associated Press.)

Washington, February 11.—Robert Underwood Johnson, of New York, author and editor and one of the founders of the League to Enforce Peace, has been selected by President Wilson as Ambassador to Rome, to succeed Thomas Nelson Page, of Virginia, who resigned several months ago. The President will send the nomination to the Senate within a few days.

LADY DECIES HERE TO VISIT PARENTS

Lady Decies.

Royalty, nobility and ex-Americans are flocking back to this country in astonishing numbers. Among the most recent arrivals on board the laurentia was Lady Decies. Before her marriage to the Irish baron he was Miss Vivian Gould. Lady Decies expects to make an extended visit to her parents, Mr. and Mrs. Jay Gordon Gould. Lady Decies is wearing an outfit developed in the season's most popular color, brown, with luxurious trimmings of brown leather.

CLAIM VESSEL IS SENT DOWN AND 1400 DIE

(By Associated Press.)

London, February 11.—A wireless dispatch from the Soviet government at Moscow today says:

According to a message from Novo Rossisk, when the volunteer transport Karantin, with officers and officials and their wives and children aboard numbering 1,400, left Mariupol, in the province of Yekaterinoslav, on the approach of the Bolsheviks, the volunteer army, incensed at being left behind, fired on the ship. A shell pierced a boiler and the transport sank with all aboard.

WOOD OFFICES IN NEIL HOUSE

(By Associated Press.)

Columbus, O., February 11.—State headquarters in the interest of Major General Leonard Wood's candidacy for the republican nomination for president were opened here today at the Neil House.

They are in charge of General Edwin F. Glenn, former commander of Camp Sherman.

Members of the legislature who called on General Glenn were told that no fight was intended against Senator Harding, but that only second choice votes are solicited for Wood.

BASEBALL MAGNATES ONCE MORE END STRIFE

San Johnson Finds His Authority Reduced.

NEW YORK GETS MAYS

Arbitration Board Will Have Chief Powers.

(By Associated Press.)

Chicago, February 11.—Factional strife in the American Baseball League vanished today when, after an all night session, concessions put forward by President Ban Johnson and his five "loyal" adherents and the three insurgents, presidents of the Chicago, Boston and New York clubs, were accepted.

President Johnson found his authority as league executive altered, so far as major league disciplinary actions were concerned, an arbitration board—reviewing committee of two members—being appointed to investigate all punishments ordered in excess of ten day suspensions and \$100 fines, while it was agreed, on the other hand, to dismiss three suits brought against him by the New York club.

Pitcher Carl Mays of the New York club, whose purchase from the Boston club last summer started the trouble, was awarded to New York.

FLOUR AGAIN TAKES A DROP

(By Associated Press.)

Minneapolis, Minn., February 11.—For the second time within a week flour dropped 50 cents a barrel in the local market today. The decline is attributed to the uncertain and erratic wheat situation.

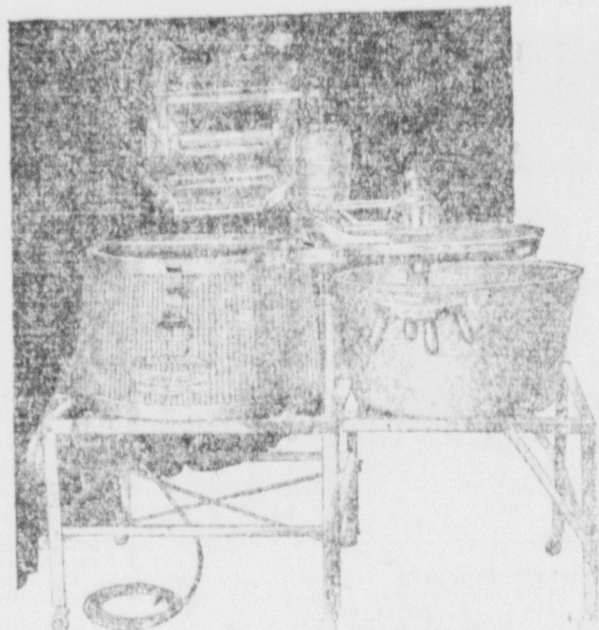

DRINK PROBLEM IN PARLIAMENT

(By Associated Press.)

London, February 11.—The drink question was discussed in both houses of parliament yesterday. Earl Curzon told the lords that the bill on this subject to be introduced would contain provisions for shorter hours of sale.

The experiment of state management certainly would not be dropped, he said. The liquor question will be debated in the House of Commons during the present week, when, according to reports, Lady Astor will speak on the topic.

Why the Laundry Queen Electric Washer Excels

Solid wood dolly rests on the clothes. Does not float. Easily lifted or released, without raising the lid or stopping machine. No metal post projecting thru dolly to catch, soil and tear clothes.

The Laundry Queen Electric Washer will serve a life time if properly taken care of; will meet any washing demand, is easy and pleasant of operation and does its work well.

Here are some high points of the Laundry Queen:

It has a round copper tub.

No part of machinery attached to the tub. Hinges allow tipping of the tub for draining.

Broad shields over both the large wheel and the belt transmission on the main power drive.

A safety device instantly releases all compression on wringer rolls. Permits removing any obstacle without wringing thru or back.

It has special rollers. Highest quality of material and workmanship. Guaranteed for five years.

Attaches to any electric light socket. Ten feet of extra heavy insulated cord supplied with each machine.

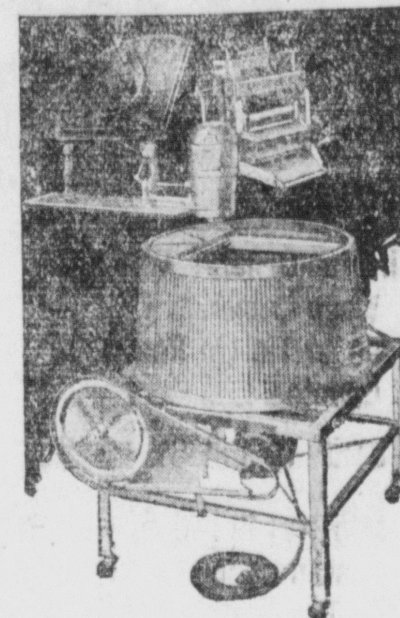

The bench is made of high-grade angle iron.

To use the dolly either in wash-top over the proper tub—and the movement is required—swing the top over the proper tub—and the dolly swings with it.

Cover easily raised. Bolted with heavy iron hinges.

Easy rolling ball bearing casters on all machines. No lifting, straining or tugging required to move from one place to another.

A turn of the thumb screw tightens or loosens the belt.

A specially designed motor—more than ample power. Motor is entirely enclosed—water and dust-proof.

Drain board on both sides of wringer. No slopping or dripping water.

And the Price is \$110.00

TAGGART - The Life Insurance Man

Public Sale

Having rented my farm cash rent and decided to move to town, I will offer for sale at my residence situated six miles northeast of Washington C. H. on the Waterloo pike, on

Saturday, Feb. 14

at 10 o'clock, the following described property:

Two Head of Horses

One black mare, 4 years old, weight 1500; 1 cream colored horse, 6 years old, general purpose horse and an excellent driver.

Six Head of Cows and Calves

1 extra good Jersey cow, 4 years old, giving about 1 gallon of milk a day, will be fresh in February; 2 Jersey heifers, 2 years old, will be fresh by day of sale; 2 yearling heifers; 1 yearling male calf.

Seven Head of Hogs

Four brood sows, due to farrow the first of March; 1 male hog; 2 shoats.

19 Hogs, weight 90 to 100 pounds.

Implements

1 good storm buggy, good as new; 1 good spring wagon; 3 galvanized tanks; 1 galvanized hog tank; 2 hog boxes; 1 large self-feeder; 2 cattle feeders; 1 step ladder; 2 sets of buggy harness; leather halters, robes and blankets; Binder canvas; pitch forks, scoops and shovels and other articles too numerous to mention.

Four or five tons of hay in mow; about 125 bushels of corn in crib.

Household Goods

Consisting of 1 bookcase and writing desk combined; stands; 2 iron beds; 1 folding bed; 1 solid oak dining table; 1 kitchen table, rocking chairs and dining room chairs; wash stand and dressers, Brussels Rugs, porch swing and chairs; 1 Kitchen cabinet; 1 cupboard; 1 White Mountain refrigerator, holds 125 pounds of ice; 1 Malleable Steel cook stove; 1 coal oil heating stove; 1 coal oil cook stove; dishes and silverware; aluminum ware; 1 Simplex Cream Separator, almost new; Prairie State incubator, 150 eggs; feather bed and pillows; mirror 28x40 inches.

MRS. JACOB HOSLER

M. W. Eckle, Auct.

Lunch will be served.

JEFF INSTITUTE FINISHES WITH GOOD PROGRAM

Two well attend sessions of the Jeffersonville Farmer's Institute brought the two day program to a close Tuesday afternoon.

Officers for next year were chosen. They are, president, C. C. French; vice president, G. E. Zimmerman; secretary, C. C. McCoy. Executive Committee—J. H. Kessler, A. G. Blessing, C. E. Deeny, Mrs. Reading, Mrs. Mary

Janes, Nominating Committee—Chas. James, W. E. Straley, and Willard Kirk.

Tuesday morning the session was opened with the invocation by Rev. W. H. Mitchell and was followed by J. H. Dickason in one of his favorite topics, "Mixed Farming."

G. E. Aldrich state speaker was unable to be present to discuss "The Hog, Breed, Type, Feed," but his place was taken by Prof. C. C. Beachey, another state lecturer.

Warner Straley and Willard Bitzer led in a discussion that was taken up by the audience.

Lucious Carr opened the afternoon program with a piano solo.

Professor Beachey again substituted in G. E. Aldrich's place and delivered his lecture on "Co-operation, the Chief Factor in Community Effort."

C. C. French led in a discussion of timely topics of interest to his audience.

L. H. Goddard, speaking on the farm bureau, and J. H. Dickason, lecturing on "Community Building," were two much enjoyed speakers of the lecture platform. Miss Ruth Cumrine closed the institute with a solo.

Brownell incubates eggs, three cents each.

LOSES PORKER IN UNUSUAL WAY

Who found a Poland China hog wandering along on the Jamestown pike Tuesday of this week?

This is what Ernest Bradford, of Jamestown, is asking and desires very much to get in touch with the finder.

Mr. Bradford had the hog in a crate secured to the running board of his automobile, and when he reached home, found that the crate had become broken and the hog was missing.

How many miles he traveled after losing the valuable porker, of course he does not know.

CANCEL INSTITUTE INFLUENZA REASON

Officers of the Beuna Vista Farmers' Institute announce that because of the influenza epidemic it has been decided to indefinitely postpone the institute scheduled for the 18th and 19th of this month.

It is very likely that the institute will not be held this year.

Brownell incubates eggs, three cents each.

PULLED THIS SICK MAN OUT OF BED AND MADE HIM WELL

Had typhoid fever was still in bed when he read about new tonic.

SENT FOR BOTTLE RETURNS TO WORK

"I was still in bed from an attack of Typhoid fever and rheumatism when I read in the paper about this new tonic called Earle's Hypo-Cod. I sent down for a bottle and in three weeks it had put me back on my feet."

and I was again at work at the National Cash Register plant," declared O. L. Combs, Boss Truck Man at the above plant for the past six or more years.

"When I started taking Earle's Hypo-Cod my stomach pained me a good deal after eating—gas would form and I was terribly weak. I had lots of pains in my shoulders and arms," continued this gentleman of Dayton, O.

After sickness a person should take

a tonic and quickly put themselves back on their feet. Even Earle's Hypo-Cod will do nothing miraculous. It will however give nature strength and increase the disease resisting vitality, enrich the blood, improve digestion and steady the nerves. Read the formula on the bottle, we know you will see that it is good. Then take home a bottle with you tonight.

Earle's Hypo-Cod is sold here by C. S. Haver's and Frank Christopher's drug stores and the leading druggists in all nearby towns. Price \$1.25 plus 5c war tax.—Adv.

Brownell incubates eggs, three cents each.

Ford

THE UNIVERSAL CAR

The Ford Runabout is a Runabout in reality—a regular business messenger, solving the question of economical and quick transportation. The Contractor, Builder, Traveling Salesman, Collector, Solicitor, all find the Ford Runabout the most convenient as well as the most economical among motor cars. Low in purchase price, cost of operation, and low in cost of maintenance. Durable in service, and useful every day in the year. We solicit your order for one or more. We ask your patronage in the repair of your car, assuring you of genuine Ford Parts, skilled workmen, reasonable prices. We know we can satisfy your wants of motor accessories.

MRS. BRUCE PINE IS LAID TO REST

Amid a gathering of close friends and relatives funeral services were held Tuesday afternoon at two o'clock at the home on the Greenfield pike for Mrs. Bruce Pine, who died in Grant Hospital, Columbus, shortly after five o'clock Saturday afternoon.

Services were conducted by the Rev. Wm. Boynton Gage of the First Presbyterian church of this city who was assisted by Rev. W. A. Whitmer of the Sugar Grove church of which Mrs. Pine was a member.

Hymns were read by the officiating ministers.

Following the services at the home the body was borne to its resting place in the mausoleum in the Washington cemetery. The pallbearers were: Messrs. Roy Hyer, Frank Lamm, Elmer Hardway, Roy Porter, Clark Post and Tasso Post.

A profusion of flowers that covered the casket bespoke the esteem in which Mrs. Pine was held by countless friends.

Besides the many that attended the services from this community were: Mr. and Mrs. John Clifton and son Enos, Mr. and Mrs. Albert Mallow, Mr. and Mrs. Charles Mallow, Mrs. Will Vincent and daughter Lulu, and Mr. and Mrs. Otho Junk, of Chillicothe; Mr. Horace Shepler of Kingston; Miss Nettie Henry of Mt. Sterling; Miss Amy Henry, Mrs. Eugene Wissler, Mrs. E. A. Thomas and daughter of Cooks; Mr. Wayne Wilder, of Columbus; Mrs. David Porter and two daughters, Misses Artie and Emma, Mrs. Charles Kirk and Miss Lena May Kirk of New Holland; Mr. John Mallow and son Ray of Austin.

NEW HOLLAND HAS MANY FLU CASES

New Holland and the community surrounding that town has been experiencing a widespread attack of the influenza, and the doctors for the past ten days have been kept unusually busy treating scores of sufferers.

So far few if any fatalities have occurred in and near New Holland, although many have been very ill with the disease.

Apparently everywhere those suffering with the flu are taking better care of themselves and receiving better attention from the physicians, who have not been so seriously handicapped this year as last.

ALL ACTIVITIES AT Y. M. C. A. STOP

All activities at the Y. M. C. A. have given way before influenza ban. Bowlers have suspended their race for the city championship and all gym activities have ceased. In order to accommodate the large number of men that make the "Y" dormitories their home and also the transient persons who stop at the Association building over night the office will remain open until seven o'clock each evening.

But three or four persons at a time are allowed in the lobby.

W. E. ROWE BUYS HOME ON GREGG

Announcement is made that H. M. Rankin has sold a two story residence on East Gregg street to W. E. Rowe. Mr. Rowe and family will occupy the property as their home.

The sale was made through the C. A. Cave agency.

Big Value in Tires for Small Cars

Back of the manufacture of Goodyear Tires for small cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that, if you own a Ford, Chevrolet, Dort, Maxwell or other car requiring the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure \$20.00

Fabric, All-Weather Tread.

30x3½ Goodyear Single-Cure \$17.65

Fabric, All-Weather Tread.

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag.

GOODYEAR

Your Milk Pail Tells the Story Every Day when You Feed

SUCRENE DAIRY FEED

Has been a money maker for cow owners for nearly twenty years. It's the feed that U. S. Government experts selected to produce milk for the army of Panama Canal builders. It's

the feed which thousands of leading dairymen are feeding to increase and keep up the milk yield of their cows. We are selling it under a positive quality guarantee.

Brings More Milk Per Dollar of Feed

than any good ration you can profitably mix at home, and you have no mixing to do—it's a ready-to-feed complete ration; no other concentrates needed.

Composed only of high quality nutrients, carefully selected and accurately mixed in proper proportions to supply cows with necessary protein, fat carbohydrates and mineral matter for milk-making.

Your Cows Will Prefer Sucrene because it is sweet smelling, appetizing, easily digestible, has the necessary variety, and promotes health.

Try Sucrene Dairy Feed. Come in and let us give you proof of profitable results obtained by other dairymen.

Never Too Old

The theory that a man is only as old as he feels is being borne out by the condition that a great many men of advanced years, and women too, who had long been classified as too old to be useful are responding to the call of industry, are holding down jobs of importance and are getting good wages.

They are in many instances deserting the infirmaries and homes for the aged to become again useful, contented, self-supporting citizens.

In Cincinnati for instance, "the industrial world and the old men have awakened to the truth that they can and should combine successfully to the well being of both," according to a large employer. "It is a new idea, and is working out."

The city infirmary in that city is fast becoming a manless institution since the young idea has begun to shoot. One old man who had spent several years in the institution, slowly rusting away and spending his hours in gloomy reminiscence of youth gone, has gone back to his old job of shoemaking, is making \$30 a week, takes in the movies and is well content with life.

In all, the infirmary has lost something near two hundred inmates in this way and the condition is noted elsewhere.

It is a mistake for any man to allow himself to go to scrap simply because he has passed a certain age. If he has health and is in control of his faculties, there's something worth while for him to do in this day.

The Spirit of Kentucky

It was not the spirit of Kentucky—a state of true sportsmen and chivalrous gentlemen—that moved the mob in the streets of Lexington. It was the spirit of Bolshevism, which seeks to rule by violence and in defiance of law and the mandates for its orderly execution. But it was the true spirit of Kentucky that faced the mob and in fearlessness, and with dispatch, stopped the disorderly defiance of the dignified progress of justice.

The movement of the mob was the expression of uncontrolled passion. Horrible as was the offense against which it was a protest, that protest was lawless and unwarranted. The movement of justice was swift and sure. Conviction of the perpetrator of the heinous crime was secured in the shortest possible time, and his execution set for a near-by day.

Officials had pleaded with the mob; it had been warned, and had been resisted hand-to-hand by the soldiery summoned to protect the authorities in the performance of their duties under the law. Until the first shot was fired the mob was unreasoning, offensive and defiant. It was in no sense typical of the people of Kentucky, for whom it pretended to act.

Regrettable as it is that so many lives should have been sacrificed, and so many wounded be left to suffer, the repulse of the mob was justified. The law must be enforced. The processes for the administration of justice must be respected.

There can be no approval of the mob, no sympathy with the spirit that moved it. Its leaders should be brought to face the justice they have defied and sought to frustrate.

For the officials who stood bravely to their duty, and with patience, there must be commendation. For the soldiers who executed the orders given to them, after all persuasion had been shown to be ineffective, there is praise for the effective way in which they stayed the wave of lawlessness. They spoke the true spirit of Kentucky.—Cincinnati Enquirer.

A Chinese Suggestion

It is amusing to speculate on what the result might be if a suggestion offered by Ida Kahn, of Nanchang, China, who is one of the leading physicians of the Flowery Republic, where she heads half a dozen large hospitals, were to be seriously considered.

We can see in our mind's eye our vital, vibrant American girl, with her taste for not-too-confining apparel, clothed in the decorum and pantaloons recommended by Dr. Ida.

"Both the American woman and the Chinese woman would be better off if the qualities of each could be shaken together and then divided by two," she declared, writing in the World Outlook. "If they could be what you Americans call fifty-fifty, it would be much better. Each has something the other lacks."

"The Chinese woman has a self-restraint and a poise that the American woman needs badly. The American woman has a well earned freedom and a belief in herself and in her sex that are unknown in China. But she lacks dignity in her dress and in her manner. It is quite shocking to us in the Orient to see her lack of reserve. I have never seen a wife kiss her husband in all my life in China, but here in the United States women kiss men even at the railroad stations and on the trains, quite openly."

"The American woman's dress is not conducive to health and lacks the elements of propriety with its thin waists and short skirts. Our Chinese high-necked coats and trousers are a much more suitable garb for a woman."

POETRY FOR TODAY

SOMETHING TO DO

Something to do each day,
Keeps us from turning gray;
The bound and the blood of it,
Sweep and the flood of it,
Saves us in life's own way.

Something to do, the range
Of vital and imminent change;
The spirit of growing,
The habit of sowing,
The spice of the strange.

Something to do, some trust
That helps us to be more just,
More vivid and striking,
More true to life's hiking,
No danger of going to rust.

Something to do to bring
Our souls into step with the swing
Of the needs of the ages,
To turn the bright pages
And laugh at our toil, and sing.

ZEMO STOPS ITCHING, BURNING ECZEMA

A CLEAN, ANTISEPTIC LIQUID

The very first application of clean, liquid ZEMO stops itching and burning skin. Eczema and most forms of itching and disfiguring skin troubles usually start to heal, and in a short time yield to this soothing, antiseptic wash.

If you have used many salves and greasy lotions, try one 35c trial size, or extra large bottle of ZEMO for \$1.00 and see the difference between a smear and a clean, efficient and economical treatment for your skin. ZEMO SOAP is healing and should be used with ZEMO in aggravated cases.

BUSH IS NAMED
NEW ASSISTANT

Mr. James E. Bush, for fifteen years employed in the Washington C. H. post office, has been appointed assistant postmaster to succeed Glenn B. Rodgers, who resigned to become head of the Fayette Credit Bureau.

The position of assistant postmaster is one which carries with it a great deal of responsibility, and Mr. Bush has long demonstrated his ability to discharge the duties carried with the new position to which he has been named, his years of experience as mailing clerk placing him in close touch with the affairs of the office.

TO AVOID
THE "FLU"

First Of All, Make Sure Your Blood is Red and Rich—in Fighting Trim

SAFETY IN VIGOROUS BLOOD

If You're Listless and Depressed
Don't Delay a Minute—Get
a Good Tonic

If you get the influenza, see a doctor at once—but why get it? Isn't it worth while, instead, to take every precaution now, against getting it?

Probably the best and first thing to do is to make sure you are in good physical condition. During an epidemic, almost wherever you go you are exposed to influenza. As long as you are really well, the red corpuscles of your blood fight off and defeat disease germs. But when you are tired and run down, when you feel all right except that you haven't much energy or enthusiasm, your blood is tired out too, and you are an easy victim.

Pepto-Mangan has become famous as a builder of rich, vigorous blood. It helps you up when you are run down. It helps you avoid illness. Or, it helps you recover, if you realize your poor physical condition too late. Physicians have been recommending Pepto-Mangan for years, in cases of anemia (bloodlessness). It is reliable, effective, and has a record of over twenty-five years success. Take no chances with a rundown condition. Get Pepto-Mangan today. It is good health insurance.

Pepto-Mangan is sold in liquid and tablet form. There is no difference in medical value. Take either kind you prefer. But be sure you get the genuine Pepto-Mangan—"Gude's". The full name should be on the package. — Advt.

IT FELT LIKE MY
BACK WOULD BREAK

Dull, aching pains over kidneys, pains in joints and muscles made life miserable for this Canton man.

The great root and herb remedy Drecto was quick in wiping away all his troubles.

"I've stayed on my job many a time with my back aching like it would break," said Mr. Clark Turner, a bricklayer who lives at 1001 Lawrence Road, Canton, O.

"I think my kidneys were at fault, but no medicine I ever took helped me much. Every turn or movement gave me pain, and bending over or lifting anything heavy was specially painful."

"I also had a bad case of stomach trouble. After eating I'd have a full, heavy feeling and would belch gas. My bowels were constipated and my liver lazy, which gave me a tired, dull feeling every morning, making me grouchy. I was often dizzy and could see spots dancing before my eyes. My tongue was coated and breath foul."

"After taking Drecto I am happy to report a great change in my feelings. I can eat anything I want with no fear of gas or bloating as my stomach digests anything perfectly. I know my liver has been cleaned off thoroughly for those headaches, dizzy spells, tired, dull, grouchy feeling of mornings have gone, and I get up fresh and full of energy, ready for big work. The backache has been entirely relieved and the soreness in the joints and muscles gone. I believe in Drecto very strong, and have induced several friends to take it on account of what it did for me."

All good druggists sell Drecto and it is highly recommended in this city by

Frank Christopher, Druggist

The Velvet tin is twice as big as shown here

There's a World of Solid Comfort
In the Rich, Red Tin

YES, sir, we mean that same warm red and gold tin that smiles a welcoming "Howdy" to you in every tobacco store. Know what those colors mean?

The red is for the friendly warmth, the mellow cheeriness, that Velvet puts into your old pipe. And the gold is where the Kentucky sunshine, that ripens good old Velvet, has just sort of soaked through.

Remember what Velvet Joe said about it?

"You've met canned meat and canned music. Ever see any tinned sunshine? Well, look into any Velvet tin."

And think this over:

We don't have to hide Velvet's taste or smell with a lot of this, that and the other thing. Because Velvet has naturally what pipe smokers want—real simon-pure tobacco taste and fragrance. It's just good, honest Kentucky leaf, made still more friendly and mellow by two years' ageing in wooden hogsheads. Just good tobacco. That's all. But it's mighty near enough for the man who wants a pipeful of tobacco and not a box of bon bons.

The picture of a pipe on the tin needn't keep you from rolling a jim-dandy cigarette with Velvet.

How's the Velvet holding out in your old red tin?

Harness Shop for Sale

I desire to sell as a whole, the Saddlery and Harness Stock of H. C. Shoop. The stock can be examined at any time, by calling upon the undersigned.

J. B. WORTHINGTON
Assignee.

four-thirty at the home of Mr. and Mrs. A. G. DeGroot corner Fayette and Temple streets.

The bride, who is the eldest daughter of Mr. and Mrs. Thomas Moore, was wearing a handsome suit of midnight blue tricotine with accessories to match.

The young couple left on the 5:41 P. & O. for a short wedding trip to Columbus to visit relatives after which they will reside with the groom's parents on a farm near Greenfield.

Friends are extending best wishes.

Mr. and Mrs. James Dunn, son James Jr. left Wednesday for Ban croft, W. Virginia for an indefinite visit with relatives, where they join their daughter, Miss Gertrude who has been visiting there for the past week and accompany her to Washington, D. C. to make that city their future home. The many life-long friends of the

Dunn family are deeply regretting their departure but are extending best wishes for happiness in their new home.

Mrs. W. H. Hedrick cashier of the Murphy store, and son Darrel have been confined at their home on East Temple street, by illness the past week.

Mr. A. R. Stokesbury returned Tuesday from a week's trip to Cleveland and the rubber industries of Akron, via Canton where he visited the McKinley tomb, Deuber-Hampden watch works and Timken Roller Bearing factory. Mr. Stokesbury also visited friends of the railway mail service in Pittsburg for a couple of days.

Miss Sarah DeWeese, who has been engaged in photography at Walton N. Y. has returned to her home in this city, and will be associated with her sister, Miss Margaret in the DeWeese Studio.

Miss Margaret Johnson and Miss Frances Merriweather spent Tuesday night in Columbus, attending the Quality series concert, Gertrude Schnitzer pianist, and Reinald Werrenrath, baritone.

Mr. B. E. Kelley is able to be out again, after a ten days' illness.

Miss Margaret DeWeese is spending the week in Cincinnati at the Eastman School of Photography. She returns Saturday.

Mrs. Floyd Minshall is visiting her father, Mr. W. F. Rowe in Dayton, for the week.

Miss Avonelle Timmons is the guest of her aunt, Mrs. F. T. Sturtevant in Cincinnati, until the first of the week.

Mrs. George Bennett is ill at her home on East Broadway.

Miss Charlotte Baker was home from Denison University at Granville spending Tuesday night with her mother, Mrs. G. W. Baker.

County Supt. O. S. Nelson is convalescing from a several days illness.

Miss Elizabeth McDonald and brother Aloysius went to Chillicothe Wednesday evening to be the guests of friends, and to attend a K. of C. dance.

Mrs. Jess Persinger was a visitor in Columbus, Tuesday.

John Crayton Griffith left Tuesday for Union City, Ind., to visit his grandmother, Mrs. W. C. Griffith for a few days.

Mr. J. W. Rothrock is spending some time with his daughter, Mrs. C. E. Bell in Columbus.

Mr. Harold M. Case, of Washington, D. C., who has charge of Farm Management Demonstrations in the thirty-three northern and western states stopped Wednesday to see Mr. L. H. Goddard of Washington Avenue, who held this same position when in the government service.

Mr. Simon Shackelford is recovering slowly from an attack of pneumonia.

Mrs. Ione Bryant left Wednesday for Lincoln, Ill., to visit her daughter, Mrs. J. W. Irish.

TO MEET BLISS IN RETURN GAME

In a return game the Washington Y. M. C. A. basketball squad will play Bliss College at Columbus Thursday evening. The game will probably be played on the City Hall floor.

When the two teams met recently on the local "Y" gym floor Bliss College was defeated by the Triangles but have asked for a return game. Bliss has been strengthened at several positions by new material and will give the Triangles one of the season's battles. Last week Bliss defeated the Bates Pirates, one of the strongest independent basketball teams in the Columbus City League.

Because of the influenza ban there will be no games played on the local Y. M. C. A. floor until the closing order has been lifted.

ALL SCHOOLS OPEN EXCEPT UNION TWP.

All rural and village schools of the county are in session with the exception of the schools of Union Township which have been closed since Monday morning because of the influenza epidemic. School boards in other townships are contemplating similar action but closing orders have not been issued.

The attendance in some of the rural and village schools is reported to be almost normal.

Brownell incubates eggs, three cents each.

NUMBER OF FLU CASES DWINDLE IN WASHINGTON

Disease Continues to Spread In Parts of Rural Fayette And Hundreds Are Ill.

Jeffersonville Community Is Harder Hit Than Last Winter—Few Serious.

Indications are that the flu epidemic once more has passed its peak in this city, and is now receding, although there are still many cases in the city, virtually all of which are not regarded as serious.

And while there is either a momentary decline in the number of cases in this city—if not a permanent decline—the disease has been increasing in the rural districts, and probably will continue to do so for several days, as the rigid steps taken to combat the disease in this city have not been followed in many parts of the county.

In Jeffersonville and community the flu is now at its worst, being worse in that community at the present time than at any time last year, although no deaths have been reported and virtually all patients do not have the pneumonia and their condition is not necessarily serious.

The epidemic in this city, apparently broke forth February 1st and 2nd, and scores of those afflicted at that time have recovered sufficiently to be out of doors once more.

Some instances have been reported where entire families are down with the disease, and assistance in nursing has been very difficult to obtain.

Persons who will assist in nursing and persons who desire assistance are asked to leave their names with Miss Mary Robinson, at the Red Cross headquarters. In nearly every instance the sufferers will gladly pay the usual fees for this work, being only too glad to obtain such help at any cost.

HIGH WILL PLAY AT CIRCLEVILLE

Washington High School will not be prevented from playing Circleville High School on the basketball floor Friday evening and the Blue and White warriors will go to the "round town" for their last basketball game before the big tournament next week at Greenfield.

By a coincident Circleville will be Washington High's first opponent at the tournament on February 20th and the two teams will have a chance to size each other up before the first tussle of the basketball classic.

Despite the fact that the schools have been closed and the absence of Coach Moorehead, the local high squad has kept steadily at practice and is in shape for the game Friday night.

Several auto loads of rooters will go to Circleville for the game.

FEBRUARY TRIES HEALTH OF ALL

February is a trying month to all people. The changes of weather, the extreme cold and the warmer days enfeeble the system, while the exposure to the dangers of pneumonia and influenza make every cough and every cold a serious matter.

There is one sure protection against these inroads on your health—Duffee's Cough Syrup, which has stood for thirty-five years as a bulwark in the homes of the people of Ohio. A few doses at the beginning of a cold will check and remove the symptoms, and no matter how deep-seated or annoying the infection may become, Duffee's Cough Syrup and Duffee's Fifty-Fifty Tonic Laxative may be depended on to quiet the inflammation, soothe the membranes, restore the nose, throat and lungs to a normal condition and build up the strength. Thousands of families in Ohio keep it on hand for just such emergencies. Your grocer or your druggist can supply you in 25c and 50c bottles.

SAYS PRESIDENT IS RECOVERING FROM AILMENTS

Left Arm and Leg Which Were Affected Much Improved.

Baltimore, February 10.—The Baltimore Sun today publishes a copyrighted dispatch from Washington in which is given an interview with Dr. Hugh Young, of Johns Hopkins Hospital, Baltimore, on the condition of President Wilson. Dr. Young has been one of the physicians in attendance upon the president. Dr. Young, in part said: "From the very beginning the medical men associated with the case have never had anything to conceal. When I first saw the president in October a crisis had arisen of such gravity owing to the development of prostatic obstruction, that an emergency operation to relieve this situation was contemplated, but by a fortuitous and wholly unexpected change in the president's condition the obstruction began to disappear."

"The improvement in this respect, which has been steady, is now complete. The president was organically sound when I visited him last week, but further, all the organs were functioning in a perfectly normal, healthy manner."

"The president's general condition, and especially the light impairment of his left arm and leg, have improved very slowly, it is true, but surely, steadily. There have been no setbacks, no backward steps, and rumors to this effect are rubbish."

"As you know, in October last we diagnosed the president's illness as cerebral thrombosis, which affected his left arm and leg, but at no time was his brain power or the extreme vigor and lucidity of his mental processes in the slightest degree abated. This condition has from the very first shown a steady, unwavering tendency toward resolution and complete absorption. The increasing utility of the left arm and leg, greatly impaired at first, have closely followed on this improvement. The president walks steadily now, without assistance and with slightly impaired arm more and more out of fatigue and he uses the still every day."

"As to his mental vigor, it is simply prodigious. Indeed, I think in many ways the president is in better shape than before the illness came."

"You can say that the president is able-minded and able-bodied and that he is giving splendid attention to affairs of state, and that we have every assurance that he will become progressively more active in these months with the advent of spring and sunshine, which cannot now be long delayed."

COUNTY HEALTH BOARD HAS NOT FILED BUDGET

The Fayette County Board of Health has not yet presented a budget or taken other steps toward bringing about a speedy organization of the body as intended by the statute creating the board, and there is little indication when this important step will be taken because of a lack of interest on the part of some of the members who are not inclined to serve in the capacity to which they were chosen.

A meeting of the Board was called for last week, but when Secretary A. O. Ervin and one other member appeared, the remainder of the board members did not show up and no action could be taken.

Dr. Ervin is now planning another meeting in the hope that the board, whose work is badly needed in every part of the county at present, will do something toward carrying out the work intended under the Health Code.

The need of a county health board was never more pressing, and the public is beginning to urge definite action on the part of the new board so that the health work can be properly organized and everything done that can be to assist in guarding the health of citizens in general and affording all possible relief by proper co-operation.

OFFICER CHOSEN ACTION IS TAKEN

In a meeting in Wayne Hall at Good Hope, Wednesday, the township trustees of Wayne township elected C. W. Perry to the office of Health Officer. Action was taken in order to find a means of combatting the influenza epidemic.

Officer Perry's first action was to close the schools of the township all day Thursday and arrange for a thorough fumigation and disinfection of the Good Hope and Cisco centralized buildings.

DEATHS

McCANN

Maxine McCann twenty-two months old daughter of Mr. and Mrs. Myrl McCann of East Temple street, died Wednesday morning at 4 o'clock at the home.

Funeral and burial services will be held Friday afternoon at 2 o'clock at the Washington cemetery.

HOSPITAL NOTES

Homer Silcott, who was taken to the Cherry Hill Hospital last week, is getting along very nicely.

DENOUNCES STRIKE OF SCHOOL TEACHERS AT MINGO JUNCTION

(By Associated Press.)
Columbus, O., February 10.—Teachers who are on strike at Mingo Junction are acting "so contrary to the accepted notions of duty, patriotism, education and Americanism, that I am sure they will experience deep regret later on," wrote State Superintendent of Public Instruction Frank B. Pearson today to Superintendent Frank Linton of the Mingo Junction schools.

AIRMEN COLLIDE FALL TO DEATH

(By Associated Press.)
San Antonio, Texas, February 10.—Lieutenants Harry B. Smith and Harry Brokaw, of the 94th Aerial Squadron, were instantly killed late today when their machines collided 125 feet in mid-air and fell at Kelly Field. The aviators were in a practice flight in low hanging clouds when the collision occurred.

DRYS GAIN SIX

(By Associated Press.)
Columbus, O., February 10.—The drys gain six votes today in the federal prohibition amendment recount. This put the wet majority at 358.

NERVY THIEF

(By Associated Press.)
Akron, O., February 10.—A bold thief entered the office of City Building Inspector, Walker, located in central police station, and took \$1,279 from the cash drawer. Only \$300 of the loot was in cash, the remainder being checks. The robbery was not discovered until the office force returned from lunch.

REPORT AMERICAN CITIZEN IS FREED BY VILLA BANDITS

(By Associated Press.)
El Paso, Texas, February 10.—Joseph E. Askew, an American who was recently reported kidnapped by forces of Francisco Villa, at Lerdo, Durango, has been released, according to private advices received from Chihuahua here today.

TRIBUTE PAID TO SECRETARY LANE

(By Associated Press.)
Washington, February 10.—A tribute to Secretary Lane, who returns as Secretary of Interior March 1, was paid in the Senate today by Senators Myers, Montana, and Phelan, California, both Democrats.

Myers said Lane was an able, far-seeing, efficient official, while Phelan said he expressed "the feeling of the people of California and perhaps the entire nation, when I say that his severance of relations with the government is a matter of profound regret."

Hair Trouble Successfully Treated

CALVACURA STOPS HAIR FALLING
THE CALVACURA METHOD is a scientific, natural method, invariably producing gratifying results.
Extra John Malouin writes: "The sample box started a growth of new hair and I am so pleased I am sending for a full treatment."
Mr. Frank H. Wright says: "My Calvacura No. 1 cured me of my hair trouble and I can recommend it to anyone."
If you suffer from Dan-draft, falling hair, Premature Gray Hair, Stripy, Stubby or Matted Hair, Itching or Eczema of the Scalp, or if you are becoming bald, do not neglect it; relieve the trouble at once.
Simple Test. If hairs adhere to your comb, examine them closely. If the root is pale, dry, dead looking, take warning, correct the trouble if you want to save your hair and make it grow.
Let Us Prove to you by sending us a Sample Treatment and our illustrated book, "The Triumph of Science Over Baldness," that the Calvacura Natural Method of Hair Culture stops the falling of hair, drives away dandruff or eczema of the scalp and promotes the growth of new hair.
We will send a liberal sample of Calvacura No. 1 and our illustrated book on the care of the hair and scalp, if you will write your name and address plainly on a piece of paper, enclose it with ten cents, silver or stamps, as evidence of your good faith, in an envelope addressed:
UNION LABORATORY

BINGHAMPTON, N. Y.
Do it now, before you forget

More Paper Than Flour

Few people realize the extent to which paper is used today.

The per capita consumption of paper is greater than that of flour.

The United States consumes over one-half of the world's production of paper, and is the greatest pulp and paper producing country in the world.

The use of paper and paper products is universal. The manufacture of paper is one of the fundamental industries.

The largest consumers of paper in this country are the newspapers. "Newsprint paper" is a product as essential to progress as coal, oil, steel or iron.

No newspaper is getting as much paper as it wants. They are placing contracts far in advance at prices current at time of delivery.

This condition of demand being greater than supply is exceedingly favorable for the paper mill companies. With careful management the conservative investor can expect a return of 7 per cent a year, and will be offered at slightly under par.

We will shortly offer the guaranteed obligation of a paper mill which meets every requirement of the conservative investor. This issue will be tax-free in Ohio, will pay 7 per cent a year, and will be offered at slightly under par.

We believe this security will rank among the best to be had in any market.

J. M. BAKER

NOW IN CHARGE OF THE FAYETTE CREDIT BUREAU

The Fayette Credit Bureau is now under the management of former Assistant Postmaster, Glenn B. Rodgers, who is devoting his entire time to reorganizing the Bureau by bringing it up to date in every particular so that it will be of still greater aid in keeping the credit of the community up to a high standard and saving merchants thousands of dollars annually.

Glenn B. Rodgers

For the past three years the Fayette Credit Bureau has been in operation without any particular effort to keep it up to date in detail, due to the fact that the organizer and former owner M. E. Hitchcock did not have the time to devote a great deal of attention to it, his business interests with The Ortmann Motor Company requiring virtually all of his time. It was for this reason, and the demand of the business interests of the city for a continuance of the Fayette Credit Bureau that led the business men to form an organization and take over the Bureau with the purpose of placing a competent man in charge to bring the Bureau up to date so that it would be of utmost value and importance to the community in general.

In selecting Mr. Rodgers to head the important organization, the business men believe that no man in the city could have been found who is more highly qualified for making the Bureau successful.

Mr. Rodgers formerly was engaged in the newspaper business in this city later being associated with W. A. Tysor in the coal business, and for the past twelve years has been assistant postmaster of the Washington C. H. office, making a thorough success of the work in each instance.

Because of his genial personality and ever willingness to accommodate he has won thousands of friends who wish him well in the new position at the head of the Fayette Credit Bureau—an organization which has been pointed out as a model credit system.

THIEF HAS LIKING FOR FEMINE WEAR

Police headquarters reported Wednesday morning a theft on John Street that took place at the home of Miss Etta Florence. About a dozen articles of feminine apparel were confiscated by the thief, including petticoats, silk stockings, etc.

Arrest and conviction of the thief is anticipated unless the complaint of Miss Florence is rewarded by the return of the articles, says Chief of Police Moore.

TROUBLES FROM MY AGE

Mrs. Eancy tells how Lydia E. Pinkham's Vegetable Compound Helped Her Through the Change of Middle Life.

Rochester, Ind.—"My troubles were from my age and Lydia E. Pinkham's Vegetable Compound helped me wonderfully. I took doctor's medicine and other patent medicine but the Vegetable Compound has helped my nerves more than anything I have ever taken. I am thankful to the one who recommended it to me and who has helped me so much." —Mrs. LETTIE EANCY, 485 East 9th St., Rochester, Indiana.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Eancy.

Wirthmor Silk Blouses

THEIR MODERATE PRICE IS NEVER AN INDICATION
OF THEIR INHERENT BEAUTY AND WORTH

—The very spirit of Fashion has been conveyed in the beautiful new Blouse creations now being featured by leading retail stores of America. They are WIRTHMOR BLOUSES, embodying new and authentic Style ideas, skillfully fashioned of quality fabrics in all the wanted patterns and shades—made without sacrificing one iota of quality, yet priced as moderately as only the exclusive Wirthmor Plan can permit.

—The new Wirthmor Blouse styles are displayed at frequent intervals by the one good store in each city that is privileged to feature them, and they are offered here in our store at the same day that they first make their appearance in the larger cities of the country. While they are at uniformly low priced their prices are never an indication of their real worth, for the Wirthmor Plan permits of economies in making and selling that assure the purchaser always of unapproachable values.

\$6.75

—Wirthmor Silk Blouses are sold at the same uniform price the Nation over and its always the lowest price at which waists of like quality can be sold.

—There are several other models all equally attractive. The quantity is limited and none of the Styles can be duplicated.

Early Arrivals in Ladies' Footwear for Spring

Several of the new Spring Styles in low shoes are now on display, offering attractive and reasonably priced footwear for ladies. We advise early purchases of spring and summer shoes, in view of the steadily increasing prices.

One style is a neat five-eyelet oxford in black castle kid, with pointed toe, imitation tip and Cuban heel.

\$7.00

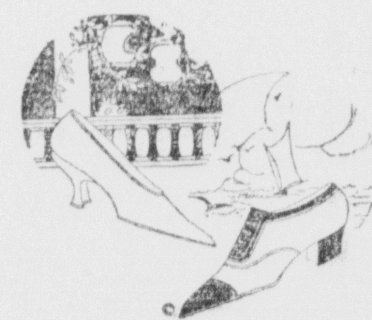

Another is of the same style in a brown kid, making an excellent shoe for street wear.

\$8.50

The new one-eyelet Astor tie oxford is shown in brown kid with low heel, welt sole and pointed toe and is indeed a very smart style.

\$8.00

Pumps are shown in black kid and patent leather with welt soles and Louis heels in a variety of styles and prices.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 20c and 60c jars; hospital size \$2.50.

Motor Fuel at its Best

Red Crown is quick firing in cold weather. The car gets underway instantly, takes the road smoothly, picks up and slows down without protest when propelled with Red Crown.

Red Crown has a low boiling point. Vaporization takes place in winter as quickly as in summer. Wide-awake steady power always awaits the throttle because Red Crown vaporizes uniformly.

Use Polarine for winter lubrication. Cold won't congeal it—it flows and lubricates perfectly. Seals in power.

The transmission and differentials need Polarine Transmission Lubricants and Cup Grease. There's a grade for every bearing.

Look for the Red Crown Sign on service stations and garages.

ENTIRE VILLAGE
WILL BE MOVED
FULLY TWO MILES

Within the next few weeks the work of moving the entire village of Osborn, in Greene county, located a half mile north of the Dayton-Wright Aviation field, will be started and the town will be moved to a point two miles east of its present location.

Citizens of Osborn, forced to give up their homes, because of the Miami conservancy plans, which places the present site of the village in the conservancy basin, have adopted this plan to preserve their town. With all the property in the conservancy basin, the land on which Osborn stands was condemned and bought by the conservancy district.

A stock company has been formed to finance the proposition of buying back the homes and business houses

and moving them to the new site, which is adjacent to the Big Four and Erie railroad, and the Ohio Electric line, which were moved out of the conservancy basin some time ago.

More than \$100,000 has already been pledged to finance the proposition to move the houses. The company consists of Morris D. Rice, F. C. Mussey, H. E. Frahn, and Earl Bailey.

The plan is to rebuy the homes from the conservancy district and where possible sell them to the original owners. They will then be moved intact on special built flat cars, to the new location. When established on the new site the town will continue its existence under the same name and with the same village government.

COUNTRY PEOPLE NEED
PHYSICAL TRAINING

(By Associated Press.)

Columbus O., February 11—The popular notion that people in rural districts need physical education less than persons in urban communities is challenged by F. B. Pearson, superintendent of public instruction.

Records of drafts boards and health surveys show, on the contrary, a higher percentage of defective eyesight, defective hearing, defective teeth and adenoids in the country than in the city, he said.

MEMOIR

James Willard, infant son of Mr. and Mrs. Chas. Keaton, was born October 2nd 1919 and entered the Great Beyond February 6, 1920, at the tender age of 4 months, 4 days. Little James has always been a very delicate baby and few days ago was stricken with a very serious attack of heart trouble from which he never recovered. He is survived by father, mother, two sisters and two brothers, Mary, George, Margaret and Charles and a host of friends and relatives. Baby you have gone and left us. And your time has not been long. But we know you're safe in heaven. Linger with the happy throng. How we'll long to see you. How we'll wait to here you call. How we'll miss you darling baby. One so loved by all.

CARD OF THANKS

We desire through the columns of the Herald to extend our heart felt thanks, to the many relatives and friends, who so kindly assisted during the illness, death and burial of our darling baby James Willard, especially do we wish to thank Undertaker McCoy, Rev. Groves, and for the beautiful floral offerings received.

"MOST DISEASES DUE
TO BAD DIGESTION"

Warns Doctor Who Knows From 30 Years' Experience

"Indigestion and Constipation! Just think what it will do for you or what it may cause," says Dr. Geo. B. Parker, of Athens, Ohio. "Sick headache, disease of the heart, liver, lungs, kidneys, skin, and impure blood. The food first sours and rots. This brings on a fevered condition of the mucous membrane of the stomach and bowels, then dryness follows which results in constipation. The fecal matter dries and the fluid portion is absorbed and goes directly into the blood. Is it any wonder that indigestion and constipation cause more diseases than all other causes put together?"

"The way to head off disease is to keep your digestive organs in a healthy condition. Thousands are doing this with my especially prepared treatment. People are rapidly finding out what a vast difference there is between a remedy especially prepared for Indigestion and Constipation, and one prepared to cure all diseases."

"Try my treatment and be convinced." At your druggist's for \$1.25 the box. Guaranteed, or your money refunded.

HUSBAND SEES
CHANGE MADE
BY VOLA-TONIC

Remarks About Big Improvement in Health Wife Has Gained Recently.

Since Mrs. Alice Vincent, 1040 Freeman avenue, Cincinnati, O., took Volatonic, "Builder Of Strength," her health has improved so much that her husband can see a big difference in her.

"Just the other day Mr. Vincent remarked about how much more cheerful and energetic I am now," Mrs. Vincent said.

"Last winter I had an attack of influenza and when I got over it my strength seemed to be gone completely. If I tried to do a little work I'd feel weak for days afterward. I felt tired, nervous and irritable all the time."

"My appetite was fairly good but I could eat only a very little at one time because of gas that always formed on my stomach and caused bloating. I was badly troubled with constipation and indigestion also."

"My circulation was very poor, too, and I just felt draggy and tired all over."

"I have taken six bottles of Volatonic and my health has improved greatly. My nerves are stronger and in fine condition and my stomach is much improved. I'm not troubled at all with indigestion now and the constipation has disappeared also."

"Vola-Tonic improved my circulation, too, and has made me stronger and healthier all over."

"Vola-Tonic, 'Builder of Strength,' brings a good appetite, good digestion, good blood and good nerves, and health and strength all over."

"Vola-Tonic is being specially introduced in Washington C. H., at Frank Christopher's.—Adv't.

DON'T NEGLECT

THE LITTLE ONES

Mrs. J. S. Pitson, 376 E. 156th St., Cleveland, O., writes: "I can't speak too highly of Foley's Honey and Tar. When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Children like it. It contains no opiates. It is healing, soothing, prompt in action. Blackmer & Tanquary.—Adv't.

Brownell incubates eggs, three cents each.

Your Cows Yield
as they Feel

Poor milkers are not accidents—they are usually backward because there is something wrong with their physical condition. You cannot expect such a cow to give a good milk yield until her sluggish organs have received proper medical treatment.

Kow-Kure has become the standard remedy in thousands of dairies because this famous cow medicine has great medicinal qualities that work upon and tone up the digestive and genital organs, making each perform its proper function.

You can prove for yourself the merit of Kow-Kure by trying a package on one of your poor milkers, and watch results carefully. Besides being a general tonic, Kow-Kure is especially recommended for the prevention or cure of such diseases as Abortion, Barrenness, Milk Fever, Scouring, Lost Appetite, Bunches, etc.

We Make Old
Furniture New

by upholstering it in leather, velvet, or any other desired material. We do more, however, than just re-cover the furniture. We practically rebuild the chairs, davenport or other article, making them to all intents and purposes actually new. We shall be glad to call and give you an estimate.
